

Universe Appreciation Workshop

This one-day workshop provides key end-users with an insight into how a BusinessObjects universe is designed, maintained and secured. The purpose of the course is to enable business users to work more effectively with their IT counterparts and extract the maximum value out of their Business Objects deployments.

On completion, delegates will be able to:

- Have a better understanding of the Business Objects administration modules
- Understand the role of the BusinessObjects designers and supervisors
- Be in a better, more informed position to liaise with universe designers and administrators
- Assist in creating a more user friendly, flexible and effective universe

Who should attend?

Power users, project managers or IT managers seeking a high-level overview of the Business Objects universe design process.

Prerequisites

- Familiarity with Microsoft Office (Excel and Word)
- Attendance of Web Intelligence Reporting V4 or Web Intelligence Reporting FastTrack V4 course, or equivalent experience.

Course Duration

1 day

Related and follow-on courses

BusinessObjects Universe Design (3 days)

Acuma Education

All Acuma courses are delivered by trainers who are highly experienced consultant practitioners. This rich project experience coupled with professional training skills helps delegates to focus on how the course contents can be put into practice in their workplace.

Acuma delivers courses from dedicated training facilities in Manchester, Birmingham and London, but also deliver training offsite using suites of laptops, with the option to customise courses to use your own business data and tailored to your exact training needs. The most appropriate training format depends upon your training objectives, number of learners, timescales, budgets and delivery logistics. Whatever your needs, Acuma will find the approach most suited to them.

Acuma Education's seal of quality is demonstrated through consistent achievement of the prestigious "Gold Standard" from the Learning and Performance Institute.

Acuma is an Information Management (IM) Specialist. Acuma is part of the Saksoft group and provides solutions, which are unique, flexible and cost-effective service blending local high value consultancy and global high quality project delivery. Acuma delivers business improvements by drawing together strategy, technology and methods of Information Management into a single philosophy called the Information Value Model (IVM).
